## NIGHTFORCE COMPETITION 15-55X52 .125 MOA ZEROSTOP CTR-2 C511

SKU C511-NF

### DESCRIPTION

Inspired by the NXS, **Nightforce's** Competition line of riflescopes defines rugged, reliable, and repeatable. Built with the mission critical features which includes ZeroStop and a choice of illuminated MOA or Mil based ranging reticles. Competition riflescopes will deliver precision shooting even in the harshest of conditions due to its strong housing materials. The Fully multi-coated ED glass results in superb light transmission, brilliant images, and exceptional color contrast.

Nightforce Competition riflescopes come in a wide range of magnifications, with models ranging from the compact 4-16x to the powerful 5-25x. With the wide range of scopes available, almost any shooter will find a scope that fits their needs, even the most demanding ones. The four most sophisticated reticles from Nightforce are offered in the Competition line, leaving nothing to chance for shooters no matter what the situation holds. The Competition from Nightforce is the ideal choice for serious long range shooters looking to push the limits of precision and possibility.

Features of the Nightforce Competition include:

- Lightweight Build
- High-speed ZeroStop adjustments to return to absolute zero
- Vertical indicators in 0.5, 1, 2, and 2.5 MOA increments
- FCR-1 reticle boasts .016 MOA lines with 1 MOA increments

## NIGHTFORCE COMPETITION SR FIXED 4.5X24 - .25 MOA ZEROSTOP SR-2 C580

SKU C580-NF

### DESCRIPTION

The Competition SR Fixed 4.5x24 is purpose-built to provide the service rifle competitor maximum advantage for across the course shooting. The fixed 4.5x magnification is the maximum allowed; and with a weight of just over 15 ounces, the Competition™ SR Fixed 4.5x24 is a perfect partner for the scope-sighted service rifle division.

Each 1/4 MOA click engages with a reassuring tactile feel and, as with every Nightforce riflescope, tracks true and without backlash. The ZeroStop™ feature provides a positive and repeatable return to your zero from any elevation adjustment. The parallax setting is fixed at 200 yards, which provides for a parallax free image out to 1,000.

Inspired by the NXS, **Nightforce's** Competition line of riflescopes defines rugged, reliable, and repeatable. Built with the mission critical features which includes ZeroStop and a choice of illuminated MOA or Mil based ranging reticles. Competition riflescopes will deliver precision shooting even in the harshest of conditions due to its strong housing materials. The Fully multi-coated ED glass results in superb light transmission, brilliant images, and exceptional color contrast.
